# A hotel for all seasons...

Whether it's a summer getaway or a winter warmer you're after, The Belsfield is the perfect hotel for all seasons. Choose The Belsfield for your next stay and we'll endeavour to make it your best UK stay away from home yet.

## & Spring & Summer

The Belsfield is a grand building, standing in six acres of beautiful gardens, which are covered in daffodils throughout the spring, creating quite the summer scene. You can't fail to be impressed with the wonderful location in the heart of the Lake District, overlooking Lake Windermere.

The magnificent setting and excellent service at The Belsfield make it a popular holiday destination for those who like a stroll, sail or cycle during the fresh spring months in this unforgettable destination or take part in activities such as thrashing about in 4 x 4's or windsurfing in the summer sun for the more adventurous.

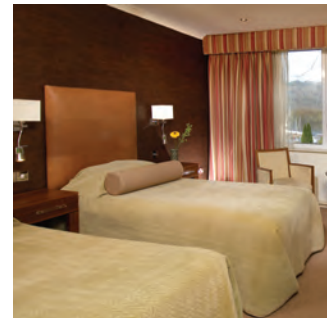

Cool off and relax in the indoor swimming pool where the kids will love to play and then take them for a round of pitch and putt on the hotel lawns.

### Hotel Facilities:

- Indoor pool
- Sauna
- Games room
- 6 acres of grounds with pitch and putt

## & Autumn & Winter

The Belsfield is also ideal for winter nights in, cosying up by the fire with a glass of mulled wine, reminiscing with the family and making new memories with friends and loved ones. Choose one of our four poster rooms for an indulgent stay and take full advantage of the hotel's Moonwaters Restaurant which has a spectacular view over the lake, perfect for recharging or for long, romantic dinings at dusk.

Winter time is wonderful for further exploration of the surrounding quaint villages and all the culture and heritage such as Ambleside and Hill Top, the World of Beatrix Potter. Shop in the specialist art and craft stores in Hawkshead and no trip to Windermere would be complete without a visit to William Wordsworth's Grasmere to sample the world famous gingerbread and rum butter.
